

DESCO

" Total ESD Awareness & Management " PROGRAM

Desco would like to help you create and manage a proper, state-of-the-art ESD control program. Let us become part of your team. The "T.E.A.M." PROGRAM makes it easy, with our full array of products and services.

- ⚡ In-plant ESD surveys to ANSI/ESD S20.20 recommended range of technical requirements
- ⚡ ESD Survey written reports including citations from appropriate ESD Association standards
- ⚡ On site employee ESD training as recommended by ANSI/ESD S20.20
- ⚡ Online ESD testing at Assembler, Lead Person, and ESD Coordinator level including grading, record keeping, and ability to print out certificates
- ⚡ Customized training programs including PowerPoints for ESD Basics, S20.20, Periodic Verification, among others
- ⚡ Special T.E.A.M. pricing
- ⚡ Participation on your ESD committee, if desired
- ⚡ On site applications, engineering, and technical support via trained factory staff
- ⚡ Assistance in developing and writing your ESD Control Plan including Training Plan, Compliance Verification Plan, and Technical Requirements to meet ANSI/ESD S20.20
- ⚡ Forms for preparing List of Approved ESD Protective Products and List of Approved Test Equipment (Qualified Products Listing or QPL)
- ⚡ Forms for Compliance Verification Plan required periodic testing including work and record-keeping instructions
- ⚡ Certificate of participation provided

Desco offers all its customers its broad line of ESD protective products with the best technical documentation in the industry. Desco's catalog, technical drawings, technical bulletins, and material safety data sheets are online at www.desco.com. This and other information is available 24/7 to view and/or print out.
